Guitarist Gary Lucas is a former member of one of the most innovative groups of the 20th century: Captain Beefheart and the Magic Band. Just listen to the solo guitar work on "Evening Bell" or "Flavor Bud Living" from Doc to appreciate Lucas' virtuosity on the guitar. Since Captain Beefheart became inactive in the mid-1980s, Lucas has recorded more than 10 albums, both solo and with bands. For his Prague performance, Lucas will be joined by "Free Space," featuring poet Pavel Zajíček, scenographer Ivan Acher, and avant-garde pianist Michal Nejtek. Jazz Dock, Feb. 18 at 10; 150 Kč
